What For Them?

Upon the field a wounded soldier lies,
Fallen in that fierce charge upon the
line;
Around him dead and dying, all the rest
Have forward swept, their duty just be-
gun.
Poor lad, some mother's boy, and there
he lies—
He who would fain have helped to rout
the foe—
A quivering mass of human agony.
In pity then, oh friends your help be-
stow:

Help for the wounded soldiers, such as
lies—
Who did not hesitate, but answered
"Here,"
When flag and Freedom called "To
arms!"
And looked to all their sons to volunteer.
Give of your best, you who in safety
stay!
Shame, very shame to him who shelters
himself—
A brother man and rocks not when he
falls.
Nor offers free his worldly stores, that
kind

And gentle guardians of all wounded
ones,
May have the means to search and find
and bring
With loving care, to where the Red Cross
flag
To us, to all, afar, these questions ring—
"Have you, oh dwellers at your ease at
home—
What cause or fair or foul may keep you
there—
Have you supplied us with the needful
things,
To save his life, who comes to us for care?
"Can you, while those who fight for you
and yours,
Facing each day now terrors, death and
all—
Can you with easy mind, your course
pursue,
Nor work incessantly for those who fall?
"Oh stayers home, know yourselves
aroused!
Give of your time, your love, your money
too.
That those your substitutes in danger's
realm,
Can thank our God that those at home
ring true."

Canadian Mining Insti- tute Western Branch

The 20th General Meeting of the mem-
bers of the Western Branch of the Cana-
dian Mining Institute will be opened at
Roseland, B.C., on Thursday afternoon,
July 15, when routine business will be
transacted and several papers having
particular reference to the Mining In-
dustry will be read and discussed.
All members of the Canadian Mining
Institute in good standing residing in
British Columbia or in the neighboring
parts of the U. S. are, by virtue of such
membership, also members of the West-
ern Branch. Members are earnestly re-
quested to make an effort to attend the
meeting, and are cordially in-
vited to contribute papers on matters
relating to Mining or Metallurgy fore-
ing at it; also, to kindly notify the Sec-
retary that they will do so, if such be
their intention.

Non-members will also be heartily
welcome to attend, and to take part in
the discussion of the papers that shall be
submitted to the meeting.
If money talks, here is how the
sympathy of the people of Nanton
and Blairmore with the coming
prohibition vote is expressed: At
Clinton Howard's meeting at Nanton
the collection amounted to
\$201.85; at Blairmore less than
\$60.00. Nanton is a farming set-
tlement; Blairmore is in a mining
and manufacturing district.

Vote "NO" on July 21 And Save Your Indepen- dence and Self-Respect

Those who are intoxicated with their own
intemperate thoughts ask you
to join them

When you vote "NO" on July 21 you admin-
ister a well-merited rebuke to intolerance,
selfishness, and self-seeking to bitter,
intemperate destructionists. They would
saddle you with an unpractical legislation
because it means a meagre, empty and brief
success for them. They would deceive
you with endless abuse on a subject which
is too broad for their rutted mentalities to
grasp. They refuse to see the financial
burdens which their actions will bring on
the tax-payers of Alberta if the Liquor Act
carries.

They Are Not Capable of Creating Sane Legislation

The local school closed for the holidays on Friday last, and the teachers have departed in their several summer homes, viz: Miss Fulton to Cowley, Miss Darrach to Edmonton Summer School, Miss Murdoch to Pincher Creek, Miss Perkins to Lethbridge and Wrentham, Miss Williams to Bellevue, and Principal Verge to Edmonton.

Victoria Street was not wide enough for Handley's horse and delivery wagon, and on Monday it was found necessary to remove several window facings and a telephone pole in order to insure a prompt delivery of the wagon's contents. The runaway caused considerable excitement, but fortunately no one was hurt.

Sir:—I have been advised to write to you to ask you if you could do me a great favor by putting me in touch with anyone from whom I could find out the whereabouts of my brother. I am writing on behalf of my mother, who is so anxious about him. We have not heard a word from him for 14 months. I have written down a few addresses where we last heard from him. We thought he might have enlisted in the army. His name is Bert Ashton, 29 years of age, fair hair, tall, five feet eleven, and slim built. I know it's very vague, and these addresses might be hundreds of miles from each other in your big country. And what with these terrible times here it's used mother a lot. She is 69 years old, and her only plea is to hear from her boy. I wonder if you could put us on the track. I am sure, Sir, you would have the knowledge you had done an old lady a great service. Hoping to hear something from you in the near future. Believe me to be sir,
Yours sincerely,
Arthur Ashton.

Local Drug Store Benefits By New Business Idea

In all times of business old ideas are giving place to new, and modern efficiency is showing better ways of selling goods.

Almost everyone is familiar with the famous Nyal's Family Remedies, and Toilet preparations and has been accustomed to seeing them in almost every drug store and almost every family medicine cupboard.

Very recently the Company have made a far reaching change in their plan of doing business. In the future Nyal's preparations will only be obtainable through selected drug store agencies who are shareholders in the company.

It is a proven fact that agents selected because of their ability and business standing and more intimately connected with the manufacturers are able to market goods more economically and at the same time give better service to the buying public. Much of the friction of competitive business methods is eliminated and the public benefits therefrom.

The Local Drugstore is to be congratulated on securing the Nyal Agency in our town and will in the future make these preparations a more prominent feature of his business.

An Honest Janitor

A janitor in a neighboring school, threw up his job the other day. When asked what was the trouble, he said: "I'm honest and I won't stand being shamed. If I find a handkerchief or a pencil I hand it in. Every little white teacher or someone that is too cowardly to face me, gives me a slur." "In what way?" asked the officer. "Why, a little while ago I saw written on the board 'find the common multiple.' Well, I looked from ceiling to garret, and I wouldn't know the thing if I met it on the street. What made me quit my job? Last night in 'big writin' on the blackboard it said, 'find the greatest common divisor.' Well, I says to myself, both of those things are lost now, and I'll be blamed for swiping 'em, so I'll quit."—Ex.

Inspector Sansom Is Promoted

Inspector Sansom, who has been in charge of the Macleod School District for the past two and a half years, has received notification that he has been appointed Mathematics teacher at the Central Normal School, the appointment to date from July 1.

During his tenure of office Mr. Sansom has carried out his arduous duties in a conscientious and extremely able manner, and his departure will be sincerely regretted by all the officials of the schools, of which he had charge, and his many friends will wish him all the success possible in his new sphere of life.

Mr. and Mrs. Sansom expect to leave Macleod at an early date.—Macleod Spectator.

"Doesn't it give you a terrible feeling when you run over a man?" they asked him.

"Well, if he's a large man," replied the automobilist, "it does give one a pretty rough job."

The Battle of Ballots

On July 21st, 1915, the greatest battle in the history of Alberta will be fought between the supporters of the Licensed Liquor traffic and the advocates of a

DRY ALBERTA

The battle will wage around what is called The Liquor Act—an Act prohibiting within the Province the sale or gift of intoxicating liquors for beverage purposes.

The advocates for a dry Alberta will vote for the Act; the friends of the liquor interests will vote against the Act.

The battle will last only one day—JULY 21st—but its consequences will be felt for all time.

All the work that may be done by both parties between now and the 21st will be merely mobilization of forces, preparatory to the one day of battle.

The mobilization is important, but it is the one day—July 21st—that determines whether Alberta shall go dry.

Do Not Forget That July 21st is The Day

This will be a battle of ballots. A man's ballot is his voice in the government of his country—his one way of expressing himself on public issues—the one weapon he can wield that politicians and governments will respect. Ballots are the only bullets in this battle. They are the only weapons that count.

Pious sentiment, earnest prayer, heart-felt sympathy, are useless unless a ballot is cast. Powder is useless unless it has a bullet to drive. Prayers are useless unless they are cast in the form of ballots. To cast a ballot is a sacramental act—a prayer—a form of service—the crowning glory of a free citizen in a free land. One should therefore drop his ballot into the ballot-box as reverently as he drops on his knees to pray.

Only ballots count in this battle. Ballots are not weighed; they are counted. Every ballot counts. The ballot of a saloon-keeper counts as much as the ballot of the most patriotic citizen of the Province. The side that casts the most ballots wins.

Ballots are the only bullets in this battle. Every ballot will find its mark. There will be no misses. The side that fires the most bullets wins.

Every friend of the saloon will cast his ballot. Every friend of a dry Alberta must cast his ballot.

July 21st is the day.

The saloon will not be without allies. All the forces of unrighteousness in the Province will line up under its direction. The tin horn gamblers, the parasitic pimps, the brothel-keepers, the slyster politicians—all and every class who merit a place in the Rogues' Gallery will be there. July twenty-first will find every one of them at the polls.

What Forces Will Vote Against The Saloon?

The Church and Home, the long-standing dual alliance, will lead the conflict. The forces that were previously neutral will ally themselves with Church and Home.

The Scientific American says the saloon must go. Big business has decreed that the saloon must go. The forces of Labor say that the saloon must go. The Farmers of Alberta have decided that the saloon must go.

All the interests of Home and Industry and Science will wage this warfare against the saloon.

The issue is clearly defined. Every man who votes will vote for wealth or whisky, brains or brandy, business or beer, wife or wine, babes or bottles, boys or booze, girls or gin, home or hell. A man is known by the company he keeps. A man is known also by the cause he votes for. To vote for a wet Alberta is to class one's self with the allies of the saloon, the tin-horn gambler, the parasitic pimp, the keeper of brothels, the slyster politicians.

To vote for a dry Alberta is to ally one's self with home and church and science and industry and God.

Every vote cast will affect the issue; but every vote cast will also pass a judgment upon the man who cast it.

"Once to every man and nation comes the moment to decide, In the strife 'twixt truth and falsehood, for the good or evil side; Some great cause, God's new Messiah, offering each the bloom or blight, Parts the goats upon the left hand, and the sheep upon the right, And the chosen goes by forever, 'twixt that darkness and that light."
